

ALLANSON PARK COVID-19

CAMPGROUND GUIDELINE FOR VISITORS

1. **Every person in a campsite must have completed, signed, and returned to the city, a visitor health screening before entering the campground.**
2. **Plan Ahead-** we are attempting to limit person to person contact, so please attempt to make reservations, pay for camping, and acquire your camping permit before you arrive.
3. **Be Self-Sufficient-** be prepared to be self-contained to your campsite. For example, arrive with your own soap, surface disinfectant supplies, hand sanitizer, paper towels, and toilet paper.
4. **Socially Distance Yourself-** to ensure that social distancing can be maintained, it is best to set up your campsite- sleeping, campfire, and eating areas- to maximize distance from adjacent campsites that host people from different households.
5. **Limit Guests to Your Campsite-** restrict use of your campsite or campfire to only those in your immediate household.
6. **Please Be Aware of The Signs Posted Throughout the Campground,** encouraging social distancing, wearing facemasks when in public spaces, and sanitizing public spaces i.e restrooms before use.
7. **Keep Yourself Informed-** more camping and outdoor recreation information can be obtained from the Minnesota Department Of Health At www.Health.State.Mn.Us And The Minnesota Department Of Natural Resources At www.Dnr.State.Mn.Us

I acknowledge that the Covid-19 guidelines were given to this camping unit before arriving at Allanson's Park and are understood as written.
